PROFILE

Junior Software Developer with hands-on experience building production-ready web applications using Laravel, React, and MySQL. Skilled in developing scalable systems with role-based access control (RBAC), multi-tenant architecture, and API integrations. Passionate about creating clean, user-friendly interfaces and continuously improving through real-world problem solving.

PROFESSIONAL EXPERIENCE

03/2025 – 03/2026
Waverly, Ben Mabena
Mthandazo

Software Development Learner

Singular Systems

- Gaining hands-on experience in a structured development environment
- Assisting in building and maintaining **web applications using React and backend APIs**
- Contributing to system improvements and enhancing user experience
- Working collaboratively within a development team following best practices

09/2025 – 03/2026
28 Flicker Road, Kyle
Mabaso

Full Stack Developer

Skills Panda

- Built and maintained a **production HR & Payroll system** supporting employee management, payroll processing, and tax compliance
- Implemented **role-based access control (RBAC)** for multiple user roles
- Designed **multi-tenant architecture** enabling secure use across multiple organisations
- Developed **reporting, CSV exports, and financial breakdown features**
- Collaborated with stakeholders to translate requirements into functional features

TECHNICAL SKILLS

Backend

PHP (Laravel Framework)
Authentication & Authorization
Role-Based Access Control (RBAC)
MVC Architecture
RESTful API Development

Front End

HTML, CSS, Tailwind CSS,
JavaScript, React

Database & Data Handling

MySQL / SQL
Database Migrations & Seeding
Data Integrity & Validation
CSV Import & Export

Tools & Practices:

Git, MVC Architecture, API Testing

PROJECTS

Kiosk Management System

- Built a kiosk-style web app with product browsing and cart functionality
- Developed using React and modern UI principles

Job Tracker

- Built a web app to manage job applications and track progress
- Implemented advanced features for admin/superuser insights

EDUCATION

03/2022 – 2024
IIE Varsity College
Johannesburg South
Africa

Bachelor of Computer and Information Sciences in Application Development
